The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
U.S. House of Representatives

Dear Chair Cole and Ranking Member DeLauro,

I am requesting funding for the City of Fairburn Sewer Inflow and Infiltration Repairs Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Fairburn located at 314 NW Broad Street, Fairburn, GA, 30213. The funding would be used to support repairing issues where stormwater is entering the sanitary sewer system. Repairing and sealing this infrastructure will prevent stormwater from endangering public health, the environment, and the economy. The project is an appropriate use of taxpayer funds because repairing inflow and infiltration helps the sanitary system stay within capacity and increases the system's reliability and resiliency, thereby protecting public health, safeguarding the environment, and reducing costly emergency responses.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Lucy McBath". The signature is written in a cursive, flowing style.
