The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
House of Representatives
Washington, DC 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Reynolds Farms Stream Restoration. The entity to receive funding for this project is the City of Johns Creek, Georgia. The address is 11360 Lakefield Drive, Johns Creek, GA 30097. The funding would be used to restore approximately 20-acres of floodplain area, resulting in improved water quality and aquatic habitat, reduced streambank erosion, and lessened impacts from flooding for downstream property owners. This project is an appropriate use of taxpayer funds because completing restoration efforts along Johns Creek will result in the greatest amount of benefit to the largest number of residents. The section of stream to be repaired with this project is in a flat low-lying area, making it a perfect candidate for a stream restoration.

The project has a Federal nexus because the funding provided is for purposes authorized by Title IV of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Lucy McBath
Member of Congress
