The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair Cole and Ranking Member DeLauro,

I am requesting funding for Drinking Water Treatment Filtration System and Upgrades to Remove PFAS in Fiscal Year 2026. The entity to receive funding for this project is the city of East Point, located at 2757 East Point Street, East Point, Georgia 30344. The funding would be used for the procurement of granular activated carbon filters that effectively and efficiently remove per- and polyfluoroalkyl substances or PFAS from drinking water. The project is an appropriate use of taxpayer funds because all families deserve access to the safest drinking water possible that also supports a resilient water infrastructure for generations to come.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family

Sincerely,

Lucy McBath
Member of Congress
