

Congress of the United States

Washington, DC 20515

August 10, 2026

The Honorable Brian Kemp
Governor, State of Georgia
206 Washington Street
Suite 203, State Capitol
Atlanta, GA 30334

Governor Kemp,

We write to you again to request your commitment to Georgia's participation in the United States Department of Agriculture's (USDA) Summer EBT program.

This month marks the end of the third consecutive year that you have refused to participate in USDA's Summer EBT program despite the overwhelming rates of hunger and food insecurity across our state. Additionally, your office has never responded to any official letter requesting that Georgia participate in Summer EBT, nor did your office provide families in our state with more information on how you routinely come to the decision to not participate.

As mentioned in previous letters, Summer EBT would provide the poorest children and families with a \$40 benefit per eligible child per month, totaling \$120 dollars for the summer. Of the roughly 2.8 million children in Georgia, over 40% of them are eligible for this benefit but are prevented from participating due to your continued decision to not participate in the program¹.

Committing to participate in Summer EBT is a basic step to ensuring that every child in our state, regardless of where they live or how much money their parents make, has access to the basic necessity of food when they are not in school.

Children in Georgia again went without consistent access to food this summer. A May 2026 newsletter from Georgia's Department of Early Care and Learning stated that only 109 of Georgia's 159 counties had a Summer Food Service Program meal site in 2025 and identified 50 counties without a meal site². Participating in Summer EBT will help bridge that gap and ensure that families have an effective resource to rely on while the state continues to make progress on its self-stated goal to expand meal sites to every county².

This matter takes on another level of importance given the cuts to Medicaid and SNAP as part of the One Big Beautiful Bill Act. Because of these cuts, children are losing access to free and reduced priced meals. Families in Georgia also needlessly face increased food insecurity during the summertime due to your refusal to participate in Summer EBT.

The Georgia General Assembly recently took bipartisan action to allocate \$2 million dollars to participate Summer EBT in 2027. However, you inexplicably vetoed those \$2 million dollars from the state budget on May 12th, 2026³.

We again ask that you commit to participating in the summer of 2027 and submit Georgia's Interim Plan for Operations and Management (iPOM) no later than August 15, 2026, and the appropriate Notice of Intent (NOI) to participate no later than January 1, 2027, to USDA for consideration and approval.

With your final day in office as governor of Georgia being January 11th, 2027, these deadlines represent the last chance for your administration to participate in this important program to feed hungry children. We encourage you to respect the will and bipartisan consensus of the Georgia General Assembly on this issue, and submit all appropriate materials as soon as possible.

We look forward to your response.

Sincerely,

Lucy McBath
